Publishing with purpose

Little Book Press (LBP) is the award-winning publishing house of Raising Literacy Australia (RLA), a not-for-profit organisation dedicated to bringing the life-changing magic of books into Australian homes.

Working with Australian writers, illustrators and educators, we create high-quality children's books that ignite imaginations, foster connections and cultivate confident, curious little learners.

Every purchase from LBP directly supports RLA's programs, helping families come together to talk, play, read and sing from birth.

Our engaging stories are thoughtfully crafted and brought to life with vibrant illustrations, offering children a safe and inspiring way to explore, imagine and grow. But our commitment to early literacy goes beyond the page. We provide families and educators with downloadable activities and storytime videos to extend the joy and learning that each story brings. These resources transform reading into a shared experience, nurturing bonds and creating cherished moments that last a lifetime.

By choosing LBP, you're not just buying a book – you're joining a mission to foster early literacy and spark a lifelong love of learning.

Literacy in the early years matters

Raising Literacy Australia (RLA) is a South Australian-based not-for-profit dedicated to improving children's neurodevelopment through early language and literacy initiatives.

Literacy in the early years matters. When children engage in everyday talking, reading, singing and playing, connections form in their young brains. These connections build crucial language, literacy and social-emotional skills for healthy development.

Our universal and targeted programs provide reading packs, books, training and resources to support families and early childhood educators in nurturing healthy development and establishing a lifelong love of reading and learning.

We're proud to collaborate with Australian authors and illustrators through Little Book Press (LBP) to publish high-quality children's books that address this need.

Over 1.85 million books – and counting – have been distributed to Australian children, parents, caregivers and educators.

Little Book Press acknowledges the Traditional Owners of the Country on which we work, the Kaurna people, and recognises their continuing connection to their land, waters and culture. We pay our respects to their Elders past and present.
